

The NCCFT Executive Committee would like to take this opportunity to welcome you back from what, we hope, was a happy and healthy holiday season. The beginning of a semester is always a busy time dealing with the day-to-day business of faculty governance, scheduling, and other related issues. We also had 32 faculty retire from the NCCFT ranks, so the start of this new semester has been even more challenging than in the past.

The budgetary constraints being imposed by both the County and the State have created the worst financial situation in decades impacting the college. Thus, the NCCFT has been working closely with political leaders at all levels. In addition, we are working hard at developing and maintaining a strong relationship with the Board of Trustees. Please go to www.nccft.org for updates.

This email is meant to take the place of a hard copy newsletter following the College's mission of "going green". Please read the following carefully as it contains pertinent information:

For tax filing calculations, the amount of dues paid from January 1, 2010 through December 31, 2010 was \$885.00 (\$33 x 17 weeks plus \$36 x 9 weeks).

ELECTIONS ANNOUNCEMENT

The following elections will be held during March and April 2011. Dates and more information to follow:
